

Please do not allow LPFM stations to take priority over existing FM signals. In particular, I am referring to the K-Love Christian Family stations around the US. The one I listen to is 88.9FM Myrtle Beach, SC. THE MINISTRY OF K-LOVE BRINGS POSITIVE, FAMILY SUPPORTIVE MUSIC AND PROGRAMMING USING UPLIFTING, CLEAN-MOUTHED SONG LYRICS AND DJ CHATTER in a world and airwaves full of off-colored, self- & others-demeaning, and otherwise sexual/mental/social depravity. It would be a hurt to our community not to have the option to enjoy and be encouraged by the music and programming offered through K-Love and a great disappointment to the 1000's who listen and are blessed daily by it. Please hear what I'm saying and do not let this proposal be accepted. Thank you for allowing me the opportunity to speak with you about this. Sincerely, Henrietta
